

Are we free, are we free, are we free, are you?

Talk about freedom

Let's talk about freedom

Talk about freedom

Let's talk about freedom

Freedom means you don't have to be the same

Freedom feels like dancing in the rain

Freedom means you don't live your life in chains

Freedom means you're a person not a name

Freedom means you will never be afraid

Freedom means you always have your say

Freedom means you can work and play and prey

Freedom means you will live another day

Tell me 'bout freedom

Tell me 'bout freedom

Freedom

Yeah tell me 'bout freedom

Freedom means not sleeping in the road

Freedom means no shame in growing old

Freedom means no fear of being bold

Freedom is not believing all you're told

Freedom means your religion is your own

Freedom feels like you aren't just a clone

Freedom means you can live without your phone

Freedom means it's not a war zone

Freedom, Freedom, Freedom, Freedom

Tell me what freedom means etc

Freedom is for every woman, every man

It's the same if you're from Paris or Iran

Freedom for you to drive a rolls or a little white van

Freedom means that if you want to then you can

Freedom's for you if you're black or if you're white

Freedom means that you safe on every flight

Freedom for you every day and every night

Now freedom ain't a present it's a right
